Subject: Comments, Draft High Volume CWCM QAPP.....
[All Comments Draft HV QAPP.docx](#)

Hi Rob,

Attached are EPA's comments on the draft QAPP referenced above. Bill Sy is looking these over to see if he has anything to add, but all other comments have been received. I will know this week if he has anything additional, but I anticipate that the attached includes most, if not all, comments on the QAPP.

Please let me know if you have any questions or concerns.

Thanks,
Stephanie
